CarFest is the UK's greatest family festival providing three fun filled days of cars and music.

The cars are at the heart of the festival with three live track shows a day, a stunt zone with adrenaline pumping demos and a paddock showing off Formula 1, Rally, Vintage, Super Cars and many more.

Attendees can rock their socks off with some of the most iconic names from the music industry including Faithless, James Blunt, McFly and DJs such as Kate Lawler, Dick and Dom and Judge Jules.

The diverse audience CarFest attracts provides opportunities for a wide range of publications from children's magazine, car enthusiasts, home interest to current affairs magazines.

We can offer a wide range of services including sampling, selling subscriptions and data capture. Please contact Michaela Talbot at Global Media Hub on michaela@globalmediahub.co.uk for further details and costs.
